PURPOSE AND SCOPE

The aim of this policy is:

- Ensure students have adequate support for non-academic matters.
- Outline the types of non-academic support available to students.

This policy applies to all students at the Sydney Institute of Traditional Chinese Medicine (SITCM).

1 OVERVIEW

SITCM recognises that a student's personal circumstances may have an adverse impact on their education for a variety of reasons. SITCM is committed to providing students with access to timely and accurate advice on the internal and external student support services available to them, including but not limited to services related to health, disability, employment, workplace rights, accommodation, legal issues, international students, culturally and linguistically diverse students, indigenous students and other disadvantaged groups.

This policy has been informed by the *Higher Education Standards Framework (Threshold Standards) 2015*, in particular Section 2.3 Wellbeing and Safety, and the *National Code of Practice for Providers of Education and Training to Overseas Students 2018* Standard 6 Overseas Student Support Services.

This policy focuses on non-academic student support; please refer to the *Student Academic Support Policy and Procedure* for information on academic student support. For more information on steps taken to support disadvantaged groups, refer to the *Diversity and Equity Policy and Procedure*.

2 POLICY

2.1 STUDENT SUPPORT SERVICES

- 1) There are many issues that may affect a student's wellbeing, including social, financial, cultural, educational and health related factors.
- 2) While SITCM is unable to provide support for every factor which may affect a student's wellbeing, students have access to a Student Support Officer (SSO), who will listen to any issues any student may be facing.
- 3) The SSO will provide advice and guidance to the student where possible.
- 4) If the student requires academic support, the SSO will refer the student to either the Academic Support Officer in accordance with *Student Academic Support Policy and Procedure*, or to the student consultation system in accordance with *Student Consultation Policy and Procedure*.
- 5) If appropriate, the SSO will provide a referral to an external support service at no cost to the student.
- 6) If the SSO refers the student to an external support service which charges for its services, the SSO must inform the student of the charges before the student chooses to use the external support service.
- 7) Students may make an appointment at any time to see either the SSO or Academic Support Officer for advice relating to study, including, but not limited to:
 - a. Managing time.
 - b. Setting and achieving goals.
 - c. Motivation.
 - d. Ways of learning.
 - e. Coping with assessments.
 - f. Self-care.
 - g. Adjusting to study and life in Sydney.
- 8) Student support is also available for students in grievance cases, in accordance with the *Academic Grievance Policy and Procedure* and the *Non-Academic Grievance Policy and Procedure*.

2.2 STUDENT SUPPORT OFFICER

- 1) Whilst all staff employed by SITCM have the responsibility to provide support to students, SITCM will nominate a SSO who is available to all students, on an appointment basis, during SITCM's business hours.
 - a. However, the Registrar is the designated point of contact for overseas students.
- 2) Students can access the SSO directly or via the Administration Office and an appointment will be organised as soon as practical.
- 3) The SSO can also reach out to a student to offer support in situations where it is likely that the student needs support.
- 4) As part of their responsibilities, the SSO is to ensure up-to-date information is available for student support services and that any contacts provided are current.
- 5) The SSO reports to the Registrar.

2.3 EXTERNAL SUPPORT OPTIONS

- 1) SITCM has an agreement with an external counsellor for the provision of professional counselling sessions to any student in need.
 - a. The SSO will refer students in need to the external counsellor.
 - b. SITCM will cover the costs of a referred student's first three counselling sessions.

- c. If the referred student wishes to continue with the external counselling after the first three sessions, each additional session will be paid for by the student.
- 2) If the need arises for additional support services, the SSO may refer students to agencies within the following table at no additional cost to students:
